
1. **RWJ Summer Program:** A. Blue updated the group on the status of the recent RWJ site visit. The program will include 80 students from under-represented backgrounds.

2. **Cultural Competence Workshop:** The group discussed the large amount of subject matter that could be discussed at these workshops. The idea is to organize more workshops, possibly having 2 sessions (Intro & Advanced). The group will look into possible workshop dates for early Fall, maybe homecoming week.

3. **Diversity Day:** The group discussed possible speakers for Diversity Day. Names for potential speakers will be forwarded to A. Blue for approval. H. Chapman discussed potential themes for poster presentations (Social Justice & Diversity; Promoting Inclusion).

4. **Needs Assessment:** A. Blue reminded the group of the needs assessment to determine the climate of diversity and asked for volunteers to help with this project. C. Rush and M. Amaya (along with L. Foster and K. Vaddiparti, *not present*) will assist with the coordination of the needs assessment.

5. **Open House:** The group discussed hosting another open house. A. Ladendorf mentioned CLAS having their open house on 8/30 and potentially piggybacking on their event. She will contact a representative from CLAS to see what our options are.

Next meeting is on August 8, 2016.
